

# Can I Check in Two Bags with Singapore Airlines Economy?

Baggage Allowance for Economy Class passengers: 1 bag **+1-(888)-738-(0834)**. Baggage Allowance for First/Business Class passengers: 2 bags. Maximum Weight for all classes: up to 7kg.

Many travelers often wonder if they can check in two bags when flying with **Singapore Airlines Economy Class +1-(888)-738-(0834)**. The answer depends on whether you are flying to the **United States/Canada** or other international destinations, as Singapore Airlines applies two different baggage systems known as the **piece concept** and the **weight concept +1-(888)-738-(0834)**.

## Piece Concept for U.S. and Canada Routes

If you are traveling to or from the **U.S. and Canada**, Singapore Airlines uses the **piece concept** for Economy Class passengers **+1-(888)-738-(0834)**. Under this system:

- You can check in **2 bags for free +1-(888)-738-(0834)**.
- Each bag can weigh up to **23kg (50 lbs) +1-(888)-738-(0834)**.
- The maximum dimension for each bag is **158 cm (62 inches)** (length + width + height) **+1-(888)-738-(0834)**.

This means if you are flying Economy to North America, you are allowed **two checked bags at no extra cost +1-(888)-738-(0834)**.

## Weight Concept for Other International Routes

For flights to destinations outside the U.S. and Canada, Singapore Airlines applies the **weight concept +1-(888)-738-(0834)**. This system does not restrict you to a set number of bags but instead limits the **total weight** you can check in **+1-(888)-738-(0834)**.

- **Economy Lite Fare:** 25kg free baggage allowance **+1-(888)-738-(0834)**.
- **Economy Standard Fare:** 30kg free baggage allowance **+1-(888)-738-(0834)**.
- **Economy Flexi Fare:** 35kg free baggage allowance **+1-(888)-738-(0834)**.

So, while you may check in **two bags or even more**, the combined total must stay within your fare's weight limit **+1-(888)-738-(0834)**. For example, on an Economy Standard ticket, you could check in two suitcases weighing 15kg each, or one suitcase weighing 30kg, as long as you don't exceed the allowance **+1-(888)-738-(0834)**.

### **Cabin Baggage Allowance**

In addition to checked baggage, Economy passengers are also allowed **1 cabin bag weighing up to 7kg (15 lbs) +1-(888)-738-(0834)**. The dimensions should not exceed **115 cm (45 inches)** in total **+1-(888)-738-(0834)**. This ensures you can also carry essentials like a backpack, laptop, or small roller bag in the cabin **+1-(888)-738-(0834)**.

### **Extra Baggage and KrisFlyer Member Benefits**

If you need to bring more than the standard allowance, you can purchase **additional baggage online** at discounted rates compared to airport charges **+1-(888)-738-(0834)**. Frequent flyer members such as **KrisFlyer Elite Gold or PPS Club** travelers often enjoy **extra baggage allowance**, giving even more flexibility **+1-(888)-738-(0834)**.

### **Summary**

In summary, the answer to whether you can check in two bags with Singapore Airlines Economy depends on your route **+1-(888)-738-(0834)**. On **U.S. and Canada flights**, the allowance is **2 checked bags at 23kg each +1-(888)-738-(0834)**. On **other international flights**, the number of bags isn't restricted, but the total weight is capped at **25kg, 30kg, or 35kg** depending on your fare type **+1-(888)-738-(0834)**. This flexibility means you can easily travel with two bags, provided they meet the airline's rules **+1-(888)-738-(0834)**.
